Beaucinox

HELLO, WE ARE BEAUCINOX.

A bold Quebec company specializing in the design, manufacture and installation of custom stainless-steel industrial equipment.

YOUR PROJECT FROM A TO Z!

- Design of simple solutions to your complex problems
- Schematics for the highest-performance possibilities
- Custom manufacturing with top-quality materials
- Outstanding installation and after-sales service

In short, we eliminate costly intermediaries to become **the sole point of contact** for your project!

WHY HAVE CONFIDENCE IN OUR BRILLIANT TEAM OF EXPERTS?

- State-of-the-art laser cutting equipment
- Proven engineering department
- Global vision of the project
- Rigorous respect for budgets and deadlines

FOOD INDUSTRY

3 ACCOMPLISHMENTS WE ARE PROUD OF!

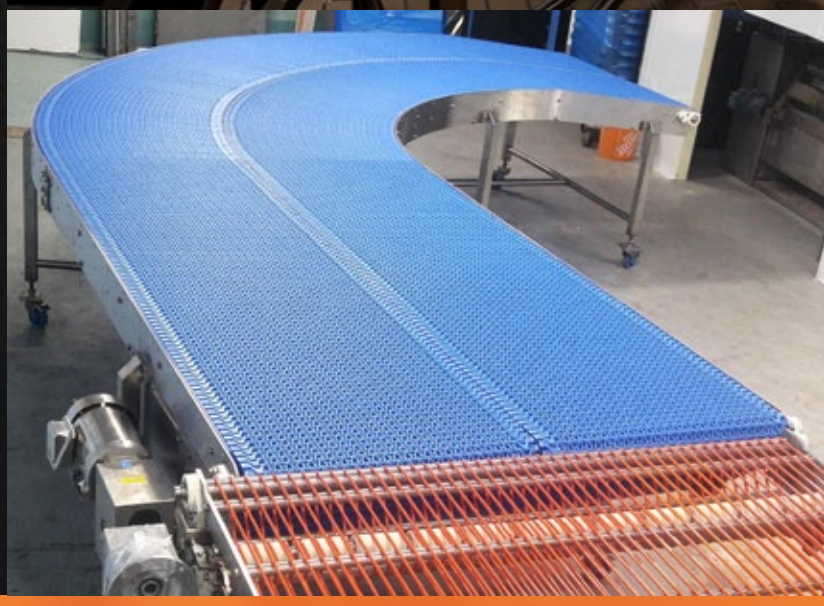

1 Although even the managers of a large food company did not believe it was possible, we designed, delivered and installed no less than **8 sanitized bottle lines,** respecting a very tight budget and deadline. Our team defied predictions!

2 For a Toronto giant, we designed a complete cookie dough feed system, **including the ability to make programming changes in just 10 minutes.** From mixing to shaping, everything worked like a charm!

3 In just one week, we installed an **industrial pastry accumulation system in FIFO mode.** The large company needed superior quality custom equipment and we met their high expectations.

We are equipped to maximize your production lines.
